

Black & White Engineering (B&W) is a leading multi-award-winning MEP design consultancy. Providing comprehensive Mechanical, Electrical and Plumbing engineering consultancy services since 2007, we are now a true global consultancy with offices worldwide.

Due to continuous project wins and existing assignments, Black & White is currently expanding and seeking confident, self-motivated and talented professionals for the following roles in our Manilla office:

- Mechanical Engineers (All levels)
- Electrical Engineers (All levels)
- Public Health Engineers (All levels)
- MEP Revit/Cad Specialist

Successful candidates will undertake a range of duties across all aspects of building services design working on major international projects. You will receive the opportunity to work in a positive environment in an ambitious and expanding organisation that offers career progression and a generous package.

Interested applicants and referrals may submit an updated copy of their resume to Christine Antonio: [CAntonio@bw-engineering.com](mailto:CAntonio@bw-engineering.com)
